Web Meeting Home Page

After clicking on Host Meeting your system will undergo a startup check to ensure your Operating System , Browser, Flash Player Version are compatible. Once the checks are successful you can enter the meeting room.

Web Meeting
November 26, 2008

Click to Start the Meeting

Start Meeting

Join Meeting

Start Meeting Form – General Tab.

After clicking on Host Meeting please fill up the below

Web Meeting

- 1. Room Name:** Room Name of your Meeting Room.
- 2. Start Button:** Click to Start Your Web Meeting.
- 3. Agenda:** Your Meeting Agenda
- 3. Invite:** Provide List of Email IDs who needs to attend this Web Meeting. Please note you need to list the email ids separated by commas.
- 4. Meeting Key:** This is an optional field, should be specified to secure the meeting with an additional Key. Attendees who intend to join this meeting need to be aware of the Meeting Key apart from Room Name.
- 5. Host Key :** This is an optional field, should be specified by the Host of the Web Meeting. This key is used whenever the Host needs to reenter the meeting. A typical use case being that the Host of the Meeting crashes out of the meeting because of network/browser/machine crash and he/she intends to rejoin the Meeting they need to provide the host key in order to rejoin. This key prevents from someone else hijacking the meeting while the Host is out of the meeting.

General Features Dial-in

1 → Room Name

2 →

Optional _____

3 → Agenda

4 → Invitees

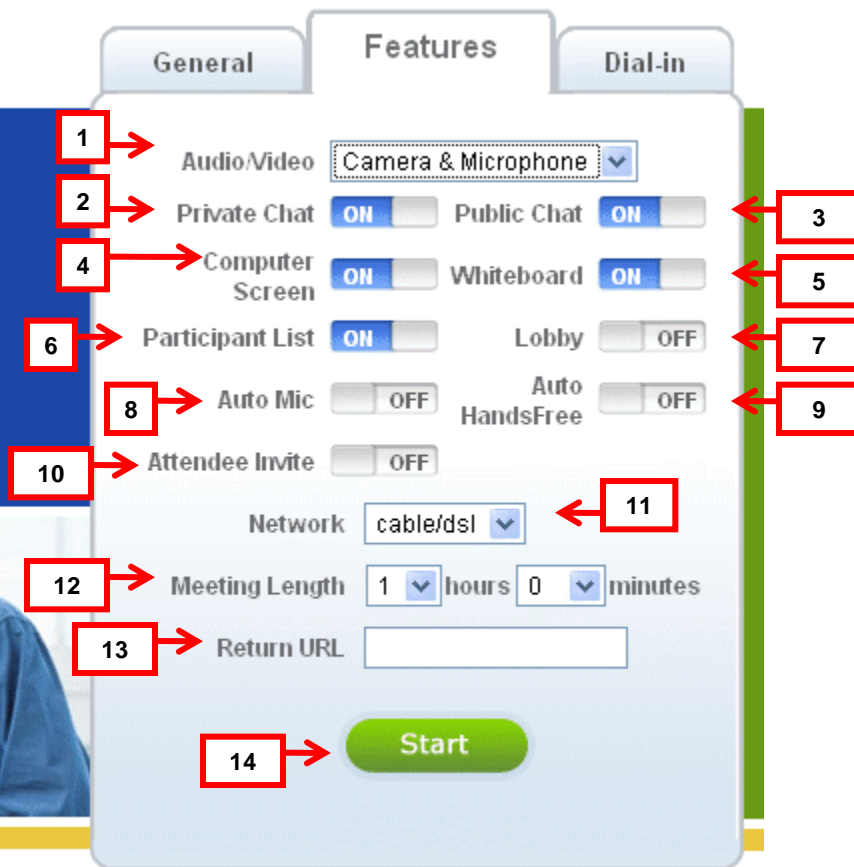

5 → Meeting Key

6 → Host Key

Note: Entering a meeting key will make your meeting private.

Start Meeting Form – Feature Tab.

1. **Audio/Video:** Choose your AV options.
2. **Private Chat:** Enable / Disable Private Chat.
3. **Public Chat:** Enable / Disable Public Chat.
4. **Computer Screen:** Enable / Disable Computer Screen.
5. **Whiteboard:** Enable / Disable Whiteboard.
6. **Participants List :** Enable / Disable Participants List
7. **Lobby:** Enable / Disable Lobby.
8. **Auto Mic:** Enable / Disable Automatic Mic Assignments.
9. **Auto Hands free:** Enable / Disable Automatic Handfree Option.
10. **Attendee Invite:** Enable / Disable Attendee Invite.
11. **Network:** Choose your Network Options.
12. **Meeting Length:** Specify the Length of the Web Meeting.
13. **Return URL:** Specify the URL where the Users should land once the meeting is closed..
14. **Start:** Click on the Start Button.

The screenshot shows the 'Features' tab of the 'Start Meeting' form. The form is divided into three sections: 'General', 'Features', and 'Dial-in'. The 'Features' section is active and contains the following settings:

- Audio/Video:** A dropdown menu set to 'Camera & Microphone'.
- Private Chat:** A toggle switch set to 'ON'.
- Public Chat:** A toggle switch set to 'ON'.
- Computer Screen:** A toggle switch set to 'ON'.
- Whiteboard:** A toggle switch set to 'ON'.
- Participant List:** A toggle switch set to 'ON'.
- Lobby:** A toggle switch set to 'OFF'.
- Auto Mic:** A toggle switch set to 'OFF'.
- Auto HandsFree:** A toggle switch set to 'OFF'.
- Attendee Invite:** A toggle switch set to 'OFF'.
- Network:** A dropdown menu set to 'cable/dsl'.
- Meeting Length:** Two dropdown menus set to '1' hours and '0' minutes.
- Return URL:** An empty text input field.
- Start:** A green button labeled 'Start'.

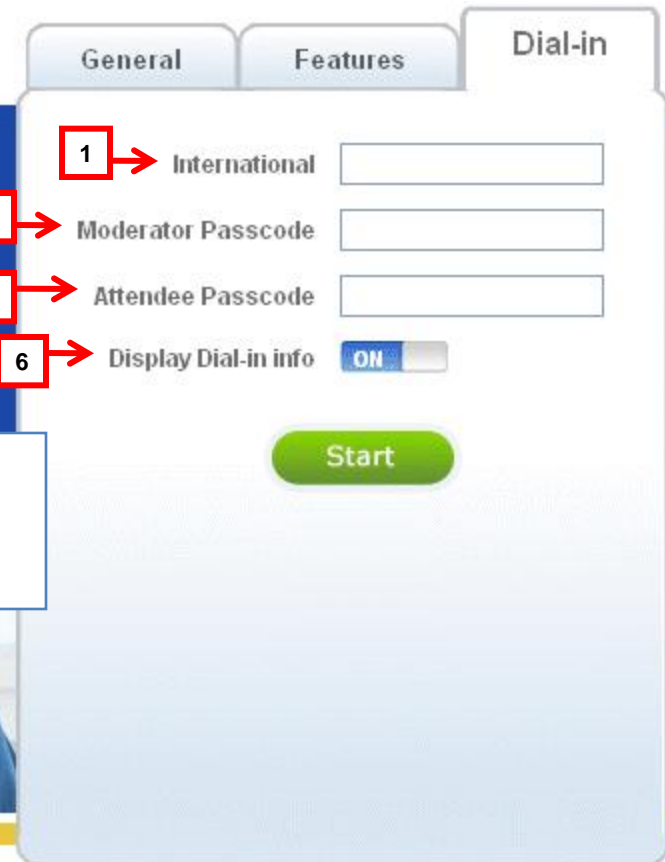

Numbered callouts (1-14) point to these settings: 1 points to Audio/Video, 2 to Private Chat, 3 to Public Chat, 4 to Computer Screen, 5 to Whiteboard, 6 to Participant List, 7 to Lobby, 8 to Auto Mic, 9 to Auto HandsFree, 10 to Attendee Invite, 11 to Network, 12 to Meeting Length, 13 to Return URL, and 14 to the Start button.

Start Meeting Form – Dial In Tab.

Web Meeting

November 26, 2008

1. **International:** Conference Dial In Number
2. **Moderator Passcode:** Passcode of the Conference Moderator.
3. **Attendee Passcode:** Passcode of the Attendees.
4. **Display Dial-In Info:** Enable / Disable Showing the Dial In Details on Meeting Console.

The screenshot shows the 'Dial-in' tab of a 'Start Meeting' form. It has three tabs: 'General', 'Features', and 'Dial-in'. The 'Dial-in' tab is active. It contains four fields with red numbered callouts: 1. 'International' (input field), 2. 'Moderator Passcode' (input field), 4. 'Attendee Passcode' (input field), and 6. 'Display Dial-in info' (toggle switch set to 'ON'). A green 'Start' button is at the bottom.

Field Number	Field Name	Field Type
1	International	Text Input
2	Moderator Passcode	Text Input
4	Attendee Passcode	Text Input
6	Display Dial-in info	Toggle Switch (ON)

Start

Web Meeting startup check
